

## Charlie Fox: A Soulful Journey from Gospel to Modern Rhythms

Charlie Fox is a soulful force hailing from Denver, Colorado, known for her powerful voice and raw, heartfelt lyrics. Fox's musical journey began in the church, where she grew up singing gospel music, drawing early inspiration from the passionate delivery and rich harmonies of the genre. At just 15 years old, she began writing her own music, an endeavor that would lay the foundation for her eventual rise as an artist.

As a 90's kid, Fox's sound was shaped by the iconic voices of artists like Mariah Carey and Christina Aguilera. The latter's *Back to Basics* album served as a pivotal moment in Fox's development, sparking an interest in the timeless greats of the past, such as Etta James, Otis Redding, and Aretha Franklin. This exploration of classic soul artists led Fox to uncover the work of Amy Winehouse, particularly her *Back to Black* album, which profoundly impacted Fox's approach to songwriting. Inspired by Winehouse's sincerity and vulnerability, Fox began to write with a deeper connection to her personal experiences, pouring her emotions into every note and lyric.

In 2014, Fox crossed paths with producer and bassist Kyle Jones, the owner of Sleeping Brotherhood Studio. Initially, Fox had intended to write for other artists, but Jones convinced her to keep her music for herself, urging her to record an EP. This collaboration marked the birth of Fox's unique musical style, a blend of contemporary soul and vintage influences. A turning point in the process came when Fox watched the documentary *Muscle Shoals*, which highlighted the power of live recording with all instruments tracked together. Inspired, Fox and her band began to create music in the same collaborative spirit—each player contributing their own flavor to the mix during late-night jam sessions.

In 2018, Fox released her debut album, *Alive*, a testament to her gospel roots and a fresh introduction to her soul-driven sound. Her sophomore album, *The Road*, released in 2023, brought her full circle, drawing on her early experiences and revisiting the gospel elements that first shaped her artistry.

Throughout her career, Charlie Fox has performed at various venues and festivals across Denver, including prominent spots like Dazzle and The Soiled Dove, where she has captivated audiences with her electrifying performances and undeniable passion for music. With each release, Fox continues to hone her craft, blending the rich history of soul with a contemporary voice all her own.
